Profiling – automatic decision making

Profiling – automatic decision making

Profiling;

Financial and mortgage advisors using profiling in their business. The main categories are

- a) Risk profiling.
- b) Profiling for marketing purposes.
- c) Establishing affordability and providing quotations for financial services and mortgage product

- a) Risk Profiling

To establish a customer's attitude to investment risk (relates to pensions and investments) advisors have automated calculators which calculate the customers attitude to various levels of risk having answered a series of questions.

- b) Profiling for marketing purposes.

When we seek to contact you about other services, as outlined above * we run automated queries on our computerised data base to establish the suitability of proposed products or services to your needs.

- a) Establishing affordability and providing quotations for financial services products.

Additional Processing

If we intend to further process your personal data for a purpose other than for which the data was collected, we will provide this information prior to processing this data.
